Product Name (Brand & Model)

Please examine the product very carefully and answer the following questions as they relate to this product ONLY. Please answer each question using a scale from 0 to 10, by circling the number that matches your impression, where 0 indicates a *very poor design* and 10 indicates a *very well-designed* feature.

We encourage you to express any ideas you have for improving the product design.

Please make your comments alongside the appropriate feature rating and in the section below

1. What is your impression of this product's OVERALL EASE-OF-USE?

0	1	2	3	4	5	6	7	8	9	10
Very Poor	Average								Very Good	

2. How would you rate your OVERALL COMFORT while using this product?

0	1	2	3	4	5	6	7	8	9	10
Very Poor	Average								Very Good	

3. How EFFICIENT do you feel this product will be in use of your TIME?

0	1	2	3	4	5	6	7	8	9	10
Very Poor	Average								Very Good	

4. How EFFECTIVE do you think this product will be in reducing DISCOMFORT/INJURIES?

0	1	2	3	4	5	6	7	8	9	10
---	---	---	---	---	---	---	---	---	---	----

Safe Patient Handling and Mobility Toolkit – Tool 7c

Very Poor	Average								Very Good
--------------	---------	--	--	--	--	--	--	--	--------------

5. How SAFE do you feel this product would be for the PATIENT?

0	1	2	3	4	5	6	7	8	9	10
---	---	---	---	---	---	---	---	---	---	----

Very Poor	Average								Very Good
--------------	---------	--	--	--	--	--	--	--	--------------

6. How VERSATILE do think this product is, i.e., it can be used for multiple patient handling tasks?

0	1	2	3	4	5	6	7	8	9	10
---	---	---	---	---	---	---	---	---	---	----

Very Poor	Average								Very Good
--------------	---------	--	--	--	--	--	--	--	--------------

7. Would you use this product?

0	1	2	3	4	5	6	7	8	9	10
---	---	---	---	---	---	---	---	---	---	----

Very Poor	Average								Very Good
--------------	---------	--	--	--	--	--	--	--	--------------

8. What features do you like about the Product

9. What features do you not like about the Product

Other Comments/Suggestions

Please leave your completed survey (note where or adapt if computer-based survey used)

Safe Patient Handling and Mobility Toolkit – Tool 7c

ABC Hospital Safe Patient Handling and Mobility (SPHM) Program SPHM Equipment Trial Caregiver Survey - Brief

This is a shorter version of the longer caregiver survey. It could be used for less formal equipment trials when trying to decide which type of SPHM technology should be selected for a longer trial at a later date.
